SERP2023

Summer Exchange Research Program

Why SERP?

SERP is a summer exchange research program, is supported by Tokyo Tech Faculty members, gives engineering students an opportunity to undertake a self-directed research project on a topic of your own choice in your own choice of Laboratory during your choice of the period.

Furthermore, participants are exposed to Japanese high-technology, food and culture which allows development of cross-cultural communication and leadership skills.

Sponsored by the Faculty of Engineering Schools.
