California Alliance for Minority Participation:
CAMP sponsors undergraduate science and engineering majors who are interested in a research experience. This internship program will fund UCSB undergraduates from under-represented groups in science, technology, engineering, and mathematics each quarter throughout the school year.

Interns will gain first-hand experience in scientific investigation in a dynamic, collaborative research environment. They will develop a project with a UCSB faculty member and a lab mentor who will provide training and support.

In addition to research, the interns will also participate in group meetings and professional development workshops.

Getting started:
Because students must find a faculty sponsor and a project before formally applying, it is important to start early. If you already have a research interest in mind, visit with and talk to faculty members whose research interests you. Tell them you are going to be applying for the summer CAMP program and are looking for a faculty mentor to work with. If you are unsure what research interests you, visit faculty websites and read their research description to see who you might like to work with. In addition, contact the CAMP coordinator, Dr. Julie Standish, for guidance and help with finding a faculty mentor. Once you have chosen a faculty mentor, meet with them several times to discuss the project that you will be working on. You will need this information for your project proposal that you, with the help of your mentor, will write and submit with your application.

Questions or Concerns?
Contact Dr. Julie Standish at (805) 893-7808, or standish@mrl.ucsb.edu

Student Eligibility:
This program is open to any science, engineering, or mathematics undergraduate student who meets the following requirements:

- Will be enrolled at UCSB in the quarter the application is submitted.
- US citizen or permanent resident
- In good academic standing
- Student identifies as one or more under-represented group: Blacks/African American, Native American/Alaskan Native, Pacific Islander, and Latino/Latina/Hispanic (The groups identified as under-represented in STEM are defined by the National Science Foundation LSAMP program and not by the program administrator).

Application Process:
An internship application must include the following components (see application form for more details)

1. Completed application form (attached)
2. Statement of interest explaining your research interests, background, and how this internship fits into your future goals.
3. One-page resume with a history of all your work and laboratory experience.
4. One-page project proposal that you have arranged with your research sponsor.
5. An unofficial transcript
6. A letter of recommendation

Previous Intern projects:
To learn more about previous intern research projects, please visit the CAMP web site: http://www.mrl.ucsb.edu/CAMP

Send your application with materials via email to:
CAMP@mrl.ucsb.edu
A COMPLETED INTERNSHIP APPLICATION FOR SCHOOL YEAR INTERNSHIPS INCLUDES THE FOLLOWING:

1. A completed registration form—see below
2. A statement of interest explaining your research interests, background, and how this internship fits into your future career goals. Your essay should be typed, and at most one page long
3. One-page resume with a history of all your work and laboratory experience.
4. A brief project proposal. A 1-page project summary that you have arranged with your research sponsor. The research summary should include: Background information about the research area and specific discussion of the activities you will be doing in your research project.
5. Unofficial transcripts
6. A letter of recommendation from a course instructor/TA or employer. This can be from the same professor who will be sponsoring your research. You can use the Letter of Recommendation form below or the recommender can submit a separate letter.

All items may be sent by email. Acceptable file formats for attachments are Microsoft Word and Adobe Acrobat (pdf).

PLEASE PUT YOUR LAST NAME IN THE FILE NAME OF ALL ATTACHMENTS!

First Name __________________________________________
Last Name __________________________________________
E-mail Address ________________________________________
Perm Number _________________________________________

Please check one, you must be a US citizen or permanent resident to participate in CAMP

☐ US Citizen ☐ Permanent Resident

Current Address at School:
Street ________________________________________________
City, State __________________________________________
Zip ________ Cell Phone _____________________________
Permanent Address:
Street ________________________________________________
City, State __________________________________________
Zip ________ Phone _________________________________

Field of Study/Major ___________________________________________

Class year (Please check one): ☐ Freshman ☐ Sophomore ☐ Junior ☐ Senior
Registered UCSB student? ☐ No ☐ Yes
How many units are you registered for this quarter? _________________
Expected Graduation Date __________________ GPA: __________ Birthdate: __________________

Current plans after graduation (It’s OK to say you don’t have any): __________________________________________

Gender (please check one) ☐ Female ☐ Male
Ethnicity (please check all that apply) ☐ Black ☐ Latino/Latina ☐ Native American/Alaskan ☐ Pacific Islander ☐ Other
If you chose “other”, please specify __________________________________________

Do have any disabilities or special needs? ☐ No ☐ Yes
If yes, please explain: __________________________________________

Will you be the first in your family to graduate from college? ☐ No ☐ Yes
Are you a community college transfer student? ☐ No ☐ Yes If yes, community college attended: ________________________________

Letter of Recommendation for UCSB CAMP Program

To the Recommender:
The student who has asked for your recommendation is applying to an undergraduate research internship program in science and engineering at UC Santa Barbara. You may use the form below, provide a separate letter, or both. Our programs comply with the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap. Please do not refer to any handicap the applicant may have.

Recommender’s name:________________________________________
Title and Institution:___________________________________________
e-mail address:_________________________________ phone :__________________________

Please answer the following questions in the space below, or attach a separate letter to address them.
1. How long have you known this student, and in what capacity?

2. What do you know of this student’s future educational and/or career plans?

3. Please give us your impressions related to this student’s abilities, character, and potential to succeed in a scientific research internship.

Please e-mail your completed letter to us at CAMP@mrl.ucsb.edu. Please put the student’s last name in the file name of all attachments.
